But in many countries the number of people who believe in God ...

In Israel, only 39% of the population consider themselves a religious person.

Only 9% of Chinese people report themselves as being religious and the majority say they are committed atheists, making China the least religious country in the world.

84% of the world's population say they are affiliated to a religious group.

It's predicted there will be almost as many Muslim's as Christians by 2050.

The religious profile of the world is changing, but even in areas where religious affiliation is declining, spirituality is not.

Globally 15% of atheists believe in life after death - So if faith deserts you here, there's always the hereafter.
